# Virginia's Growth Alliance is centrally positioned along the eastern seaboard of the United States.

Close proximity to several major metropolitan areas.

Within a day's drive of almost 2/3 of the US population.

Four international airports are within a 90-minute drive of VGA.

The Port of Virginia is the 3rd largest container port on the US East Coast. It's located about an hour East of VGA and easily accessible via road or rail.

## [MAREA Transatlantic Subsea Cable](#)

Record data transfer speed of 26.2 Tbps, connects Virginia Beach to Bilbao, Spain.

Interstate 95 is the major north-south corridor on the East coast, connecting major metropolitan areas such as Miami, Washington D.C., New York City and Boston.
